

Endur S7

1200 x 1200

Robust plastic pallet in special size 1200 x 1200 mm

The Endur S7 is ideal for high-rotation usage such as open or closed pools. Because of the robust design and its special size also big bags (FIBC) can be handled and stored in racks safely. Six modular units (600 x 400 mm) per layer can be transported. Besides the 3 runners version, the pallet is available with 6 runners and can therefore be used for block stacking. The pallet comes with an open or closed upper deck.

Bottom support

> 3 runners (3R)

> 6 runners (6R)

Deck options

> open deck (OD)

> closed deck (CD)

anti-slip strips (optional)

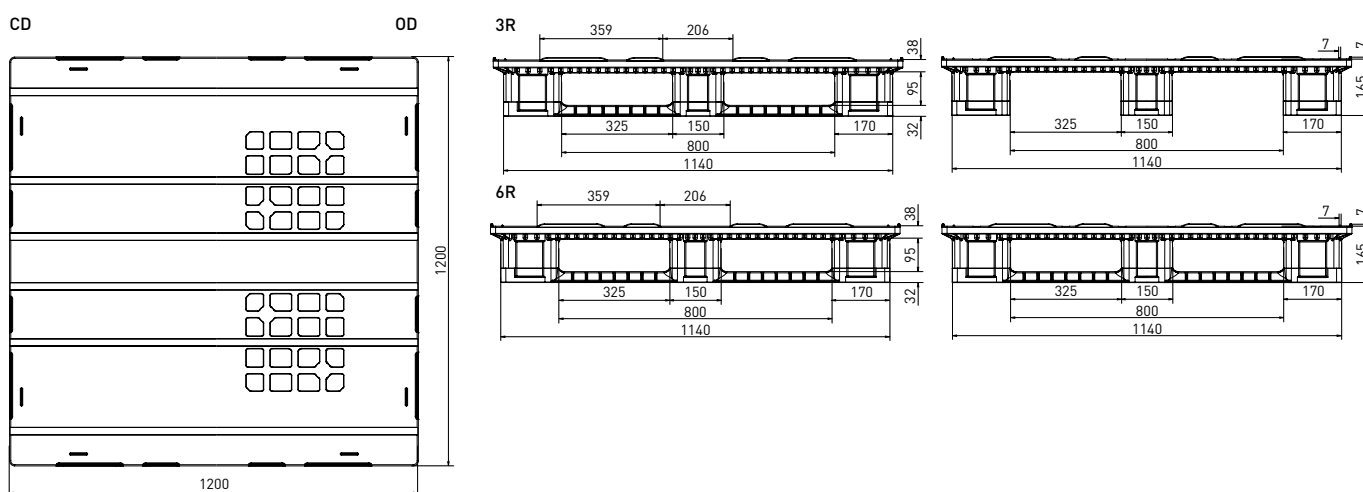

Available with up to 12 anti-slip pads
