

Nest H1

800 x 600

CPP 190

Extremely light weight, nestable plastic half pallet

The light Nest H1 is best suited as a display and export pallet. Its special foot construction allows transport on roll conveyors. At the same time, the pallets can be nested to save space during transport or in the warehouse.

Bottom support

> 9 feet (9F)

Deck options

> open deck (OD)

Nestable CPP plastic pallets require less floor space

Block stacking

*1 Figures can vary depending on the raw material used and options applied. *2 Guideline values are based both on experience and parts of test ISO 8611, which tests with evenly distributed loads at room temperature (20°C). Varying data may result from different conditions of usage. Your specific requirements can be identified upon request. *3 Minimum quantity required - PO pallets should only be used and stored in a dry environment. We reserve the right to change any of the stated information without prior notice.
